

A 'Go Bag' Can Make All the Difference in a Hurricane Emergency

1. Basic electronics

Pack an extra phone charger in case you're fortunate enough to have electricity, and a portable battery pack in case you're not. Also stash a long-lasting LED flashlight. Pack a small hand-cranked or battery-operated AM/FM radio (with extra batteries).

2. Personal needs

While getting ready for a typical day, list every toiletry you use, then buy a travel-size version of each. Pack backup eyeglasses, as well as a first-aid kit, baby wipes and a multipurpose tool with a knife and can opener.

3. Clothing

Pack a few days' worth. Include layers you can add or remove, plus lightweight rain gear and waterproof boots.

4. Your meds

Pack about three days' worth of each of your prescriptions, which should last until you can get to a pharmacy that's open. If you need larger items, such as an oxygen tank, make sure you have a portable version.

5. The perfect bag

Think small and portable. A backpack is ideal, but a lightweight suitcase with wheels will also do. Just remember, you may literally be running with it.

6. Paperwork

Fill a zip-top waterproof bag with photocopies of your birth certificate; driver's license; Social Security and Medicare cards; power of attorney and will; any marriage, adoption or naturalization certificates; proof of address; insurance, medical and immunization records; and information about your credit and ATM cards.

7. Food and drink

Bottled water is essential. Granola or energy bars are great because they are small and filling, and they come in a variety of flavors.

8. Cash

In addition to enough money for a few days, include small bills and a roll of quarters. If you need to buy something out of a vending machine, you don't want to start asking equally desperate strangers for change.
