

# FMO of Florida

## Federation of Manufactured Home Owners

### Why you should belong. . . .

The **FMO** is the only statewide, nonprofit consumer advocacy organization that is dedicated to protecting the rights of manufactured home owners in the Florida Legislature. It provides services in the following areas:

- \* Legislation
- \* Lobbying
- \* Litigation
- \* Education
- \* Research
- \* Legal counseling

### What is the difference between the HOA and the FMO?

Simply put, the **HOA** is a community based organization that provides an important link between the residents and the community management.

The **FMO** is a statewide organization providing a voice for manufactured home owners in state legislature in Tallahassee.

The **FMO** is our **only** voice in Tallahassee and it promotes enrichment of the lifestyle you've chosen for your retirement years. Membership is only **\$25/year** (or **\$65/three years**).

Help support **FMO** lobbyists who are fighting to keep our lifestyle, home ownership, and retirements as worry free as possible
